

Certificate in Collegiate Teaching in Art + Design

The 6-credit RISD Certificate in Collegiate Teaching in Art + Design builds on the momentum and history of graduate student and faculty interest in developing a reflective teaching practice, and also reflects current practice at other institutions of higher education offering graduate teaching certificates. It uses the College as a site for the examination, practice, advancement and research into collegiate level studio pedagogy. The certificate provides benefits by access to the vitality and pedagogical practices of the RISD faculty, which also provides participating graduate students with the models of teaching that can inform the creation of a personal teaching philosophy and development as future faculty.

The certificate provides an institutional endorsement for those graduate students with interests in pursuing teaching opportunities in higher education. When examined alongside other academic and professional qualifications, it provides students a value-added edge.

The certificate program offers two tracks outlined below. Track 2 is for graduate students who are approved as instructors or co-instructors for a Wintersession course and receive "Conferred with Collegiate Teaching Experience" on their certificate.
